ATTENDANCE POLICY

Every Day Counts

Rationale:

- The *Education Act 1958* requires that children of school age (six-fifteen years) resident in Victoria are required to be in full-time attendance at a government or registered non-government school unless they are receiving approved home tuition, correspondence education, or have been granted an exemption by the Regional Director.

Aims:

- To maximise student learning opportunities and performance by ensuring that children required to attend school do so regularly and without unnecessary or frivolous absences.

Implementation:

- Education is a sequential process. Absences often mean students miss important stages in the development of topics, causing them to find 'catching up' difficult.
- Absenteeism contributes significantly to student failure at school.
- All enrolled students are required to attend school unless reasonable and valid grounds exist for them to be absent.
- Illness is reasonable grounds for an absence, shopping excursions or birthday parties are not.
- Parents have a responsibility to ensure that their children attend school regularly and are only absent if ill or if absolutely necessary.
- Parents have a further responsibility to notify the school explaining why an absence has occurred. Telephone contact should be made by parents to the school on the first day that a child is away and a note must be supplied when the child returns to school.
- The principal has a responsibility to ensure that attendance records are maintained and monitored at school. Proforma notices will be supplied by the school
- All student absences are recorded in the morning by teachers, are aggregated on our CASES21 database and communicated to the Department of Education and Training.
- The Department of Education and enrolment auditors may seek student attendance records.
- The principal has a further responsibility to ensure that unexplained absences are investigated, and that high levels of absenteeism are adequately explained.
- The principal will contact parents of students with high levels of unexplained or unapproved absences, with the view to developing and implementing strategies to minimise absences.
- Ongoing unexplained absences or lack of cooperation regarding student attendance will result in a formal attendance conference being organised. Unresolved attendance issues may be reported by the principal to the Department of Human Services.
- Student attendance and absence figures will appear on student half year and end of year reports.
- Aggregated student attendance data is reported to the Department of Education and Training and the wider community each year as part of the annual report.

Evaluation:

- This policy will be reviewed as part of the school's three year review cycle.

Approved by School Council – 2019

To be reviewed – 2022
