Newsletter: Term 2 Week 7
June 4th, 2026

From the Acting Principal—Sandi Spittal

Dear Parents and Carers,

Another two weeks have passed, and we have now reached student reporting time.

In English and Mathematics, the curriculum is divided into a range of specific learning elements, with students assessed against each element individually. As you read your child's report, it is important to remember that not all curriculum areas are taught for the same length of time across the semester.

Some learning elements are taught intensively over a shorter period, and in these areas, students will often receive a rating of *Working at Standard*. Other elements are explored over a longer timeframe and may still be developing at the time of reporting. In these cases, students may receive a rating of *Working Towards Standard*.

This rating reflects a student's current stage in an ongoing learning journey rather than indicating a cause for concern. Learning is a continuous process, and these reports provide a snapshot of progress and achievement now.

Our Grade 5/6 students will attend an Experience Day at Rochester Secondary College on Tuesday 16 June, accompanied by Chloe. Throughout the day, students will participate in three different subject classes, providing them with an insight into secondary school learning. The day will conclude with a fun tabloid sports session.

MARC/MACC Cluster Day

On Thursday 18th June 2026, students will be attending our annual Murray Plains Cluster Day at Leitchville Primary School (MACC/MARC). Throughout the day, students will participate in a range of engaging music, dance and art activities while connecting with students from across the Murray Plains cluster schools. (Gunbower PS, Leitchville PS, Koondrook PS, Murrabit PS and NEPS). These days are an important opportunity for students to build friendships and strengthen connections with others while participating in exciting extra-curricular activities that may not be included in their regular weekly programs.
